

Knowledge Organiser: Potions

Potions are liquids that are said to have healing or magical powers. What would you need to make a potion?

What type of potion would you make and what would it be used for?

We will be learning about different materials and their states of matter.

Can states of matter change?

Is Custard a liquid?

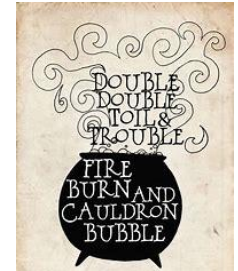

We will investigate this and eat the custard!

We will be reading **Macbeth**,

by **William Shakespeare** and

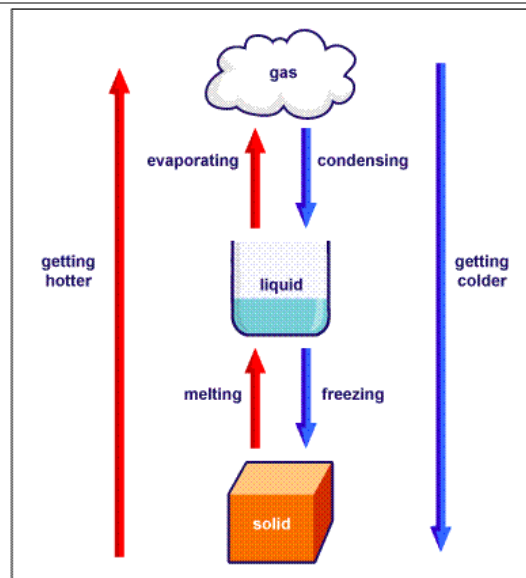

learning the Witches' Poem for a 'Witch-

tacular' Performance for the other classes. Be ready to design your very own Cauldron for a witch!
